

# GAMBRINUS IPA MALT

IPA is a pillar of North American craft brewing. Our maltsters developed our IPA Malt to provide a strong and stable British Columbian foundation for hop-forward West Coast and Hazy IPAs. From piney, resinous hop profiles to juicier tropical flavors and aromas, our IPA Malt covers your bases.

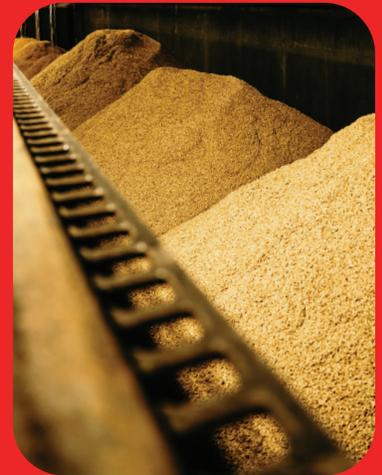

Brewers looking for that elusive malt falling between very pale pilsner and golden pale ale malts will find here a delicate profile of grain, bread, slight nuttiness, and a trace of toast. Crafted specifically for classic and contemporary West Coast and Hazy IPAs, Gambrinus IPA Malt is a workhorse base malt.
